

All of our boats are new and commissioned straight from the manufacturer and are therefore provided with an ongoing service and maintenance programme included in your fees transparently.

Our syndication provides flexibility to suit your lifestyle, time and budget in the following ways:

- in time (2, 3, or 4 years term typically)
- mooring locations to suit budget and marina facilities and travel distances
- number of shares per boat (10%, 20%, 25% and 50%)
- size and type of vessels to suit everyone's lifestyle needs.

If you fit into one of the following categories, then the Australian Boating Company may be suitable for you:

- individuals with or without previous boating experience
- families looking to get away for a few days of fun, sun, fishing and exploration
- couples of any age looking to spend some special time away from it all perhaps in a quiet cove
- corporate executives wanting to provide day or evening (skipped) entertainment in and around the Gold Coast hot spots.

A safe and luxurious boating lifestyle for a fraction of the cost brought to you by Australian Boating Company.

On average, owners spend less than 30 days a year using their boat and yet are committed to maintaining it 100% of the time and 100% of the costs. We believe this makes no economical or environmental sense and therefore we would like to encourage you to read on ...

In monetary terms, if you are prepared to invest say \$40,000 you could own a new half-cabin mono hull boat commonly used for fishing or a second-hand bowrider for day trips. Alternatively, for the same cost, you could find yourself owning a 10% share in a brand new, luxury cruiser with full galley and bathroom which sleeps up to 6 persons in complete comfort. If you don't think you can afford a luxury boating lifestyle, then think again as we can make this dream come true.
